

Unit 10, p.149

Odd one out

Find the odd sport out in the lists below and give a reason for your choice.

- 1 football, rugby, handball, tennis
- 2 golf, badminton, table tennis, volleyball
- 3 swimming, diving, figure skating, rafting
- 4 cross-country skiing, ski-jumping, bobsleigh racing, husky racing
- 5 go-karting, speed cycling, quad-biking, hiking, inline skating

Ball games

- 1 Do you remember what the sports shown in the pictures are?
- 2 Which ball games go with the two definitions below?
 - a This game is played with a small bouncy ball on grass, sand or clay. The two or four players stand on either side of a net and use rackets.
 - b This game is played on a green table with coloured balls. The two players use long sticks to move the balls and shoot them into pockets round the table.
- 3 If you can think of another ball game, try to make up a definition for it.
