

PEP Internet activities

The aim of the Internet activities in PEP is to make you feel at home when surfing the Net in English. They will also show you how you can practise your English and find out more about the language and the culture of English-speaking countries.

The links

We tried to choose web pages that are not likely to disappear immediately. But, the Internet changes all the time, and the one or the other site will change its name, be archived somewhere else (this happens to BBC pages all the time!), re-locate, no longer be updated or simply be deleted. This can't be helped.

As a service to users, we will be updating the URLs given in the PEP books every so often. This doesn't mean that you will always find the URL given in the book when the time comes. This is not a huge disaster, it just happens.

Expert surfers may be able to find alternative ways to the vanished sites. Or they may discover good substitutes for themselves. If the worst comes to the worst, googling a key idea from the task or activity e.g. 'list of famous families', 'UK property', 'online estate agent' or 'BBC Sport Academy' will usually provide a solution.

Enjoy!
